What is the reason for the large increase in Sterling collection
To compare with Comptr's note 21.8.24

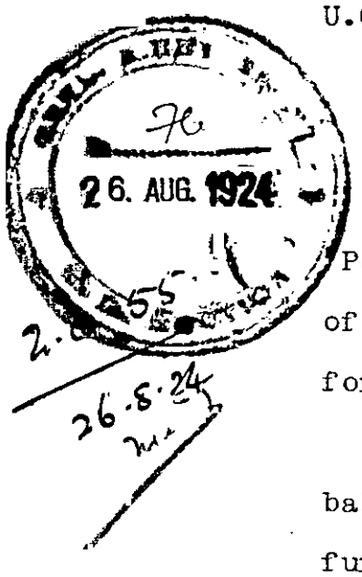
U.O. No.Books. 292 Dated 25th August 1924



Returned with compliments.

The large increase under sterling collections in Power Revenue during July 1924 is mainly due to some of the Mining Companies having paid their arrear demand for April 1924.

Figures relating to demand, collection and balance for the three years have been separately furnished in the comparative statement of Revenue Collections at Messrs. Coutts & Co., for July 1924 sent to Government with this office No.230/Books. dated 13th August 1924.

J. Satyanarayana Rao
Comptroller.

The Financial Secretary to the
Government of Mysore, Bangalore.

Reference is invited to the remarks May 7.
While in 1923 the demand for April & May were realised only from two Companies each month in 1924 the demand for 3 Companies each month were realised Hence the increase. Probably there may have been some increase in quantity of power supplied also
